The Tiny Seeds Showcase

Dear Parents,

Greetings from Paavai!!

As we are planning to conduct Paavai - KG to Primary showcase, here are some basic guidelines for you to know:

- Each class will choose a theme based on the topic allotted, and we expect the kids to prepare for the same in the best way possible (teachers will assist with the same).
- Kids need not buy models from shop, handmade models are more adorned and most preferred.
- Children can represent the theme of their class either in oral recitation or by demo representation like dance or skit.
- Based on the spectators voting, the best 3 among all classes from KG(separately) & Primary(separately) will be chosen for special prizes. So kids, the more you perform better, higher are the chances for your class to win!!

2nd December, 2024 (Monday)
Paavai Vidhyashram Senior Secondary School, Namakkal.

PAAVAI **Carnival** EDITION 3.0

EDITION 3.0

SCIENCE EXPO Paavai Budding Scientists (VII, IX)

Theme / Science and Technology for Sustainable future.

Sub themes:

1. Life Science in human welfare
2. Transport: Innovative ideas that improve transport systems
3. Communication technologies
4. Disaster Management: Solution for disaster Preparedness
5. Robotics / Artificial Intelligence: (Any field)

Guidelines for participation:

1. The project must be a working model.
2. Number of participants per team - 2.
3. If required, participants can bring laptop and internet facilities.
4. You will be provided with 220 Volt 50Hz single-phase AC power supply. All open ends of electrical wires, sharp objects, edges in your exhibit must be properly insulated/sealed. Wire connectivity without proper plug at power source will not be permitted. Also, the use of any hazardous substance for the project should be prohibited.
5. You are advised to ensure that your display is logically presented and easy to read. A glance should enable anyone to locate the title, experiments, results, and conclusions quickly. Use neat, colourful headings, charts, and graphs to present your project. Pay special attention to the labelling of charts, diagrams, graphs, and tables.
6. You will get approximately 5 minutes to present your work to the expert committee. You are advised to be organized and prepared with a brief explanation that correctly presents the work done.
7. Top 3 teams will be awarded with exciting prizes.
8. Students are requested to submit their ideas and team members' details to the respective in-charge teachers on or before 25.11.2024 (Monday).
